

## USING A STEREO BLUETOOTH TRANSMITTER

### CELLULAR PHONE MUST BE PAIRED AND CONNECTED FOR THIS FUNCTION TO WORK

When listening to audio from a stereo Bluetooth receiver the audio will be interrupted, not paused when a phone call comes in.

**REDIAL** - Not functional when an A2DP device is connected.

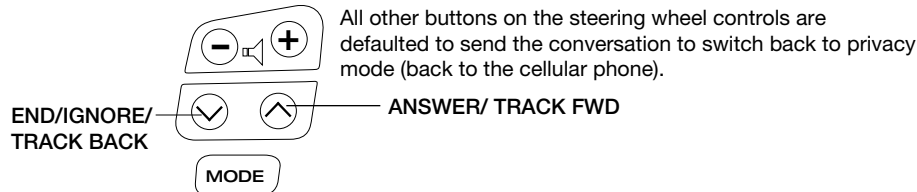

**VOICE DIAL** - Not functional when an A2DP device is connected.

**PLAY/PAUSE** - Press the Play/Pause button on the steering wheel controls. Not functional through the radio control (Use the controls on the steering wheel or on your external device).

**TRACK FORWARD** - Press the Seek Forward button.

**TRACT BACK** - Press the Seek Back button.

## USING THE STEERING WHEEL CONTROLS

**ANSWER/ END** - Press the track back button.

**IGNORE** - Press and hold the track back button.

**TRACK FORWARD** - Press the track forward button (A2DP/AVCRP).

**TRACK BACK** - Press the track back button.

## TROUBLE SHOOTING

NO AVRCP CONTROL	Verify that the paired device supports AVRCP functionality.
RANGE ISSUE	Bluetooth standard range maxing out at 30 feet, may vary due to environment.
DEVICE NOT FOUND	Delete all previous pairing attempts and try again.
BAD CALL QUALITY	Make sure the cellular phone is within range of the module (30ft.). Make sure the signal reception of the cellular phone is strong.
NO SOUND	Make sure the module is on and paired to a transmitting device. Make sure the volume is adjusted correctly, check both the radio and the transmitting device, and other items within range of the module.
AUDIO DROP OUTS	Make sure both the transmitting device is at a good battery state. If the item is on low battery, please recharge.

**NOTE:** Due to every phone having different software and functionality features, many phones may work different with the Bluetooth module of the BFTA. We recommend contacting the Scosche Technical Support at 1-800-621-3695 Ex.3 with any common or reoccurring issues.

## LIMITED WARRANTY

Scosche Industries Inc. warrants this product to be free from defects in material and workmanship for a period of 90 days from purchase. This Scosche product is sold with the understanding that the purchaser has independently determined the suitability of this product. This warranty is offered to the original purchaser of the product only. This warranty does not cover the product if physically damaged, subject to negligence or misuse, abuse, alteration, accident, or an act of GOD. This warranty does not apply to product which has water or physically damaged by accident or which has been misused, disassembled or altered.

The original dated sales slip or proof of purchase will establish warranty eligibility. If the product should prove defective within the warranty period, return the product with proof of purchase to Scosche Industries Inc. Scosche, at its option, will replace or repair the product free of charge and return the product postage paid. In no event shall Scosche Industries, Inc. be responsible for claims beyond the replacement value of the defective product, or in any way be liable or responsible for consequential or incidental damages. No express warranties and no implied warranties, whether for fitness or any particular use or otherwise, except as set forth above (which is made expressly in lieu of all other warranties) shall apply to products sold by Scosche. Scosche Industries cannot be held responsible for discrepancies/inconsistencies that may occur due to automotive manufacturing changes or option.

## HANDS-FREE BLUETOOTH INTERFACE FOR SELECT 2005-UP SCION/TOYOTA VEHICLES

### APPLICATION GUIDE

#### SCION

2005-08 TC  
2005-06 XA  
2005-06 XB

#### TOYOTA

2005-09 4 Runner	JBL System
2005-09 Avalon	JBL System
2005-09 Camry	JBL Synthesis
2005-09 Corolla	
2007-09 FJ Cruiser	Premium Sound Only
2005-09 Highlander	See note below
2005-09 Matrix	Not For JBL in 2009
2005-09 Prius	
2005-09 Rav4	JBL System
2005-09 Sienna	
2007-09 Sequoia	
2005-09 Solara	JBL System
2005-09 Tacoma	Not For JBL in 2009
2007-09 Tundra	

**Note:** On the Highlander; Press FM then AM to enter Bluefusion screen.

## QUICK START

**PRELIMINARY:** Determine whether you have an XM module in the vehicle. Press the band button to see if the XM source displays on the screen of the radio.

### STEP 1 INSTALL

Install the BFTA into your vehicle. Please contact Scosche Tech Support for your specific vehicle disassembly.

### STEP 2 POWER THE MODULE

With the unit installed, turn the ignition key to the on position (II) to place the Bluefusion module into pairing mode. Press the BAND button multiple times to get to the XM source on the radio. From the XM source press and hold SEEK BACK, the screen displays "Bluefusion" when ready.

### STEP 3 PAIR YOUR CELLULAR PHONE

Set your cellular phone into pairing mode and search for a new device (See your phones owners' manual for operation instructions). Once your cellular phone has searched for a new device select "BLUEFUSION" from the list. If prompted for a pass code enter "0000".

### STEP 4 PAIR YOUR CELLULAR PHONE

Once the two devices have connected and paired, you will now be able to scroll through the menu functions of the BFTA. (See page 1-3 for Bluefusion operation).

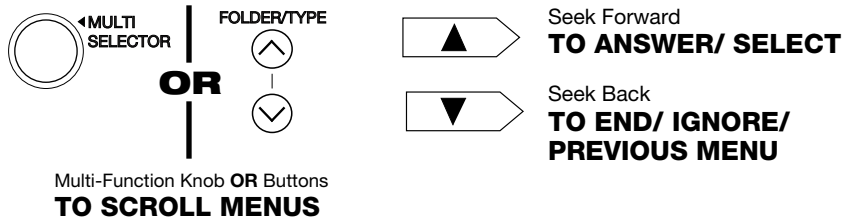

**IMPORTANT**  
DO NOT RETURN PRODUCT TO THE RETAILER IF YOU NEED ASSISTANCE OR REPLACEMENT PARTS

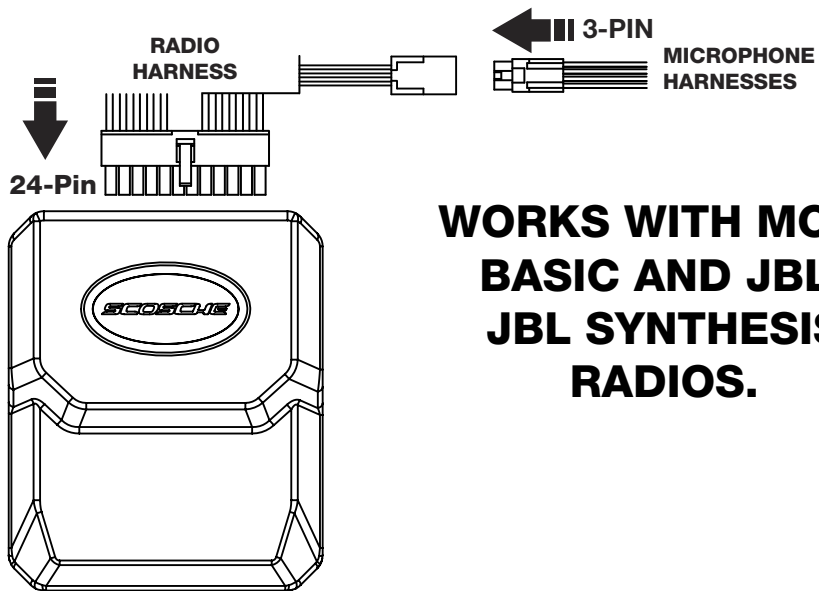

**HOURS**  
MON-FRI 8AM-5:30 (PST)  
SATURDAY 8AM-2PM (PST)

**CALL US TOLL FREE**  
1-800-621-3695 X3

## MAIN BUTTONS

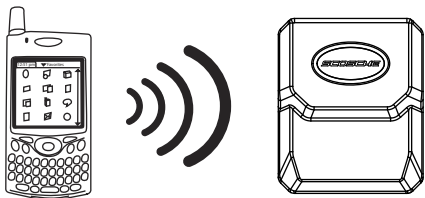

## OVERVIEW

## PAIRING YOUR CELLULAR PHONE

1. Turn the key to the on position (II) to place the Bluefusion module into pairing mode.
2. Press the BAND button to get to the XM/SAT source on the radio, press and hold the seek back button and the screen will display "Bluefusion" when it is in pairing mode.
3. On your cellular phone, enter your Bluetooth menu and make your cellular phone search for a new device. The device name will be "BLUEFUSION" and if you are prompted for a pass code enter "0000".
4. When the two devices are paired to each other, be sure to set the Bluefusion as a trusted device on your cellular phone.

**NOTE:** When the ignition is turned off the call will automatically transfer to the headset.

**NOTE:** When a phone call is active and you are re-entering the vehicle, upon turning on the ignition the call will automatically be transferred to the vehicle speakers. Active call will no longer be active on the headset.

## SWITCHING SOURCES TO BLUEFUSION

While using other sources other than XM (Bluefusion) the interface will automatically switch to the XM source when you have an incoming phone call. The radio switches through the sources to find the XM source on the radio, some audio may bleed through while switching sources.

**NOTE:** When a phone call is ended your radio will not automatically switch back to the original source you were previously on, this feature only works when previously on XM source. At this time we recommend using the BAND button to switch back to the original source you were previously on.

## NON-NAVIGATION OPERATION

### SCROLL AND SELECT

To browse your menu options:

Use or to scroll through the menu options. To make a selection press seek forward.

### VOICE DIAL

Use or to scroll to voice dial. Press seek forward to activate your phones voice dial. Alternatively you can also press "2" to directly activate voice dial while on Bluefusion source.

**NOTE:** Not all bluetooth enabled phones have a voice dialing feature. To access voice dial, your cell phone must be compatible and have the voice tags previously created. See your cellular phone's instruction manual for more information.

### INCOMING CALLS

Use or to scroll through your recent incoming calls. Press seek forward to dial a number.

### OUTGOING CALLS

Use or to scroll through your recent outgoing calls. Press seek forward to dial a number.

### MISSED CALLS

Use or to scroll through your recent missed calls. Press seek forward to dial a number.

### REDIAL

Press seek forward to activate the redial function.

### XM/SAT SOURCE

Use button number "6" to toggle back to the XM source.
