# CAR STEREO HARNESSES

∴ HONDA

## HA02RB

1986-up  
Honda

- Plugs directly into back of factory stereo.
- Power / 4 Speaker

## HA07B

1996-98 Honda Civic

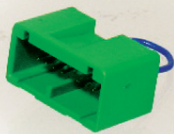

- Honda Civic radio alarm power relocation harness.
- OEM radio power extension harness. This provides power, speaker, and ground for the New Radio as well as a special extension (Power and Ground) for the OEM Honda unit moved elsewhere in the vehicle (part of HAK1 and HAK2 relocation kits).

## HA03B

1996-98 Honda Civic

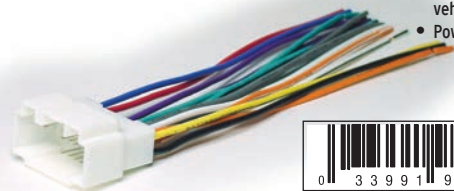

- Integrated alarm 16 pin dome light bypass harness.
- Interior Dome light connector (restores Dome light when OEM radio removed in lower and upper models).

## HA08B

1998-up Honda

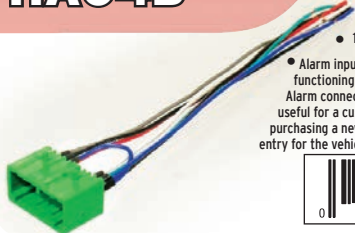

- Plugs directly into vehicle harness.
- Power / 4 Speaker

## HA04B

1996-98 Honda Civic

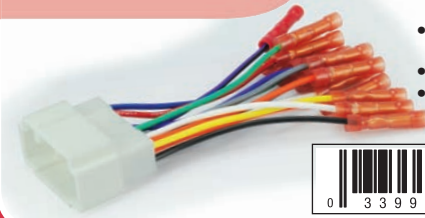

- 15 pin alarm input harness.
- Alarm input harness (restores Dome light functioning and also provides useful Aftermarket Alarm connections in the same connector). This is useful for a customer Replacing the OEM radio and purchasing a new alarm to keep some type of keyless entry for the vehicle.

## HA08BCB

1998-up Honda

- Plugs directly into vehicle harness.
- Power / 4 Speaker
- Pre-terminated for ease of installation.

## HA05B

1996-98 Honda

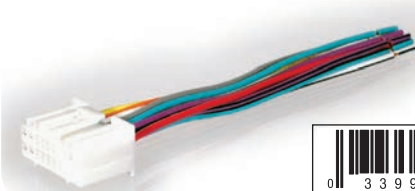

- 16 pin radio/alarm relocation harness. 16 pin 6 ft. extension harness (Part of HAK1 and HAK2 relocation kits).

## HA08RB

1998-up Honda

- Plugs directly into back of factory stereo.
- Power / 4 Speaker

## HA06B

1996-98 Honda

- 32 pin alarm relocation harness.
- 32 pin 6 ft. extension harness (Part of HAK2 relocation kit).

## HA09B

## HAAXB

**2007-up Honda**

- Factory Auxiliary Input Retention Harness.

## HA11RB

**2008-up Honda Accord**

- Plugs directly into back of factory stereo.
- Power / 4 Speaker

## HAK1B

**1996-98 Honda Civic**

- HA05B & HA07B relocation kit.
- This kit is for a customer that wants to Replace the Factory radio and KEEP the Factory Keyless entry system. The Keyless system with remote controls would otherwise be lost because the OEM Factory In-Dash unit is removed from the vehicle. This is a 6 ft. extension harness kit to relocate the Civic Factory OEM radio elsewhere in the vehicle (under dash, firewall, under seat) because the Factory Keyless entry remotes work through the Honda AM/FM In-Dash unit. This kit includes the standard Power/Speaker harness to wire up the new aftermarket stereo.

## HA12B

**2008-up Honda**

- Amplified System Harness.

∴ HONDA

## HAK2B

### 1996-98 Honda Civic

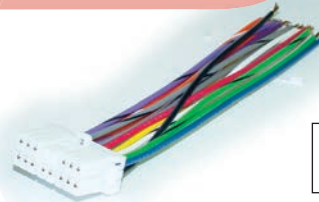

- The HAK2B relocation kit includes HA05B, HA06B & HA07B harnesses. This kit allows replacement of the factory radio while keeping factory Keyless entry and Complete Optional Honda Alarm systems. Both options would otherwise be lost because the OEM Factory In-Dash unit is removed. This is a 6 ft. extension harness kit to relocate the Civic Factory OEM radio AND Honda Alarm elsewhere in the vehicle (under dash, firewall, under seat). The Factory Honda Alarm C.P.U. unit mounts to the top of the AM/FM In-Dash unit. This kit includes the standard Power/Speaker harness to wire up the new aftermarket stereo.

## HY02RB

### 1992-up Hyundai

- Plugs directly into back of factory stereo.
- Power / 4 Speaker

∴ HYUNDAI

## HY03B

### 2000-up Hyundai Sonata/Accent

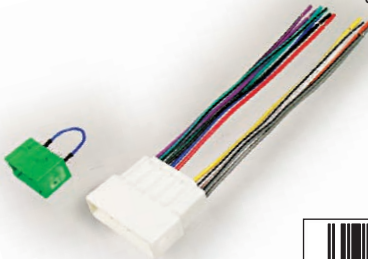

- Plugs directly into vehicle harness.
- Power / 4 Speaker

## HAK3B

### 1996-98 Honda Civic

- HA02B & HA03B dome light bypass kit. This kit is for a Civic vehicle WITHOUT the Remote Keyless Entry System or an Individual that does not care about losing the Keyless entry system to Replace the Factory radio. Even on base model Civics, the dome light will not operate once the Factory OEM Radio is removed. This kit includes a simple bypass connector to restore the function of the interior dome light and the standard Scosche HA02 for the Power/Speaker harness for the new stereo.

## HY03RB

### 2000-up Hyundai Sonata/Accent
