Oxnard, Calif. (August 14, 2020) – (BUSINESS WIRE) – Rockstar Performance Garage (RPG), collaboration between Rockstar Energy Drink and LDRSHIP designs to build the first Lifestyle Garage, and Scosche® Industries are bringing the wheeling to you. Since the start of the year, events have been getting canceled and enthusiasts have been left with little to enjoy.

The Great American Crawl (GAC) kicked off last weekend in Missouri at the Southern Missouri Off-Road Ranch (SMORR). Enthusiasts showing up over the two days of wheeling

had traveled from across the country to wheel with popular influencers like @GRDLOC, @MISCHIEFMAKERJKU and @LITEBRITESTUDIOS they follow on social media platforms.

GAC is a series of trail rides that brings members together in specific off-road destinations across the country. These destinations are highly popular bucket list off-roading spots that are challenging with trails from mild to wild. Members show up to wheel in stock Jeeps, trucks and utv's to fully built off-road rigs and bouncers capable of climbing the rock ledges that adorn these parks and trails.

"We are excited to get out and meet the enthusiasts on the trail. It's a great way to get out and have fun from the safety of your own vehicle. Enjoy a cold Rockstar Energy on us and come hit a trail with us" -**Nicholas Ashby** owner, Rockstar Performance Garage

There is no cost to be a part of the group or to wheel with the group. Some parks have a daily access fee around 20-25 dollars. Joining the Group offers huge discounts from-partner companies supporting the trail rides, meeting new friends that share the same hobbies and the safety of not wheeling alone. -

Trying to cover all the destinations we could we consulted with different industry people and enthusiasts and built a great list of locations.
