

Scosche® Industries Partners With Eden Reforestation Projects To Fight Global Climate Change and Alleviate Poverty

Oxnard, CA – May 11, 2022 SCOSCHE – (pronounced skōsh/skohsh) Industries, a leading innovator of award-winning consumer technology and accessories and the #1 Mount Brand* is pleased to announce its partnership with Eden Reforestation Projects.

The mission of Eden Reforestation Projects is “To offer the dignity of fair employment to people living in impoverished communities, who become transformational agents of global forest restoration”.

They achieve this mission by working with local communities to restore forests on a massive scale, thereby creating jobs, protecting ecosystems and helping mitigate climate change. As one of their corporate partners, Scosche is proud to fund the planting and protection of a number of trees to help reverse climate change, global deforestation, habitat loss and to restore the environment and support communities now and in the future. Scosche has funded the planting of 6,000 trees in 2022.

Inspired by the natural beauty surrounding its coastal California headquarters, Scosche Industries strives to achieve a more sustainable future for the industry, its customers and the planet by partnering with Eden and by actively reducing and eliminating plastic in packaging, facilitating recycling, and using 100 percent renewable power at its Oxnard facility.

#1 Mount Brand
