

IN-DASH DOUBLE DIN INSTALLATION KIT FOR 2001-05 HONDA CIVIC*

***NOT Compatible with SI models**

INTRODUCTION / PRELIMINARY

This premium installation kit is for 2001-05 Honda Civic vehicles. Included are all the parts you need to mount your car stereo or CD player into your vehicle's dash. Refer to the individual instruction in this manual to remove your vehicle's factory radio and assemble the kit.

CAUTION

Disconnect your vehicle's negative battery terminal before the installation to help prevent electrical damage. We recommend the use of a volt/ohm meter over a test light to check wiring. A test light or grounded wire probe can cause damage to the vehicle's computer and/or diagnostic systems. Avoid all factory airbag wiring - airbags can accidentally deploy causing serious injury or death.

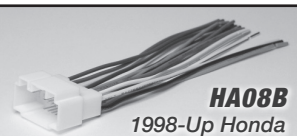

NOTES

- See your vehicle's instructions for any special tools your installation might require.
- Read all instructions accompanying your car stereo for proper wiring and mounting instructions.

FACTORY WIRING CODES

CAR STEREO CONNECTORS

Provide easy connection of your car stereo to the factory wiring harness.

FACTORY STEREO REMOVAL

2001-05 HONDA CIVIC SEDAN

1. Using panel removal tool, pry out lower dash panel pocket, unplug and remove.
2. Extract (2) Philips screws from bottom of radio bezel assembly.
3. Pry out radio bezel assembly, disconnect and remove.
4. Extract (8) screws securing factory radio and pocket from factory brackets and remove.

Note: Retain screws for re-use during kit assembly.

STEREO INSTALLATION

DOUBLE DIN MOUNT

1. Slide aftermarket double din stereo in between factory brackets.
2. Secure aftermarket double din stereo to factory brackets with the (8) screws removed during disassembly.
3. Reconnect stereo and radio bezel. Snap aftermarket stereo and factory bezel assembly back into the dash.
4. Snap 6802 panel into radio dash.

LIABILITY DISCLAIMER

These instructions are based on carefully documented data and research of automobile disassembly, wire harness/codes and information pertaining to the installation of this kit (HA1710B) in 2001-05 Civic vehicles. Scosche Industries, Inc. cannot be held responsible for discrepancies/ inconsistencies that may occur due to the automobile manufacturing changes or options, or damages that may occur in the automobile during the installation of components while using this booklet.
